VISUAL HISTORY

Briefly, what is the main reason for your visit with us?

Anyone with a current Medicare card can claim a rebate on a comprehensive eye examination. If you are under 65 years of age, this is now once every three years. If you are over 65, you can claim once a year. Examinations in between these times (subsequent consultations) will also attract a rebate but for a smaller amount. Some people have an eye condition that requires ongoing management (such as glaucoma or diabetes) and can claim for a comprehensive examination rebate more often.
